### **Mission Statement**

The mission of the MIC3 Training Committee is to respond to the needs of various audiences to provide accurate, current and customized content about the compact for use by commissioners, schools, families, and military-connected stakeholders.

### **Shared Commitments**

- Increase knowledge about the compact, and limits of the compact.
- Increase the appropriate application of the compact for children of military families.
- Support and educate parents, students, and associated persons as advocates for transitioning students and military personnel about the compact and limits of the compact.
- Reduce inconsistent applications of the compact.

To this end the MIC3 Training Committee encourages all people who are disseminating information about military transitions based on the Compact statute to use copyrighted MIC3 training materials.
