THE MIC3 WELCOMES NEW TRAINING AND OPERATIONS ASSOCIATE

The Military Interstate Children's Compact Commission (MIC3) welcomes Lindsey Dablow as the new Training and Operations Associate. Ms. Dablow comes to the organization with a background in policy and non-profit management.

"I am thrilled to be a part of the MIC3 team and I look forward with great enthusiasm to making a difference for our military families," said Dablow.

Born and raised in Kentucky, she graduated from Midway College with a Bachelor of Science in Equine Studies and a Master of Public Administration from Indiana Wesleyan University. Her prior work experience includes the Baptist Health Foundation of Lexington, Kentucky Legislative Research Commission, Kentucky Department of Revenue, and the thoroughbred industry.

"We are very excited to have Lindsey onboard," said Cherise Imai, Executive Director. "she brings tremendous experience, knowledge, and skills to the Commission. Above all, she shares our vision, passion, and commitment to successful education transitions for military children."

Developed by the Council of State Governments' *National Center for Interstate Compacts*, the U.S. Department of Defense, national associations, federal and state officials, state departments of education, school administrators and military families, the MIC3 is a governmental entity operating under the *Interstate Compact on Educational Opportunity for Military Children*. With fifty member states and the District of Columbia, the Compact ensures the uniform treatment of military children transferring interstate between state public school districts and the U.S. Department of Defense schools.
