

# MIC3 MEMBER PROFILE WISCONSIN

## OVERVIEW

The Interstate Compact on Educational Opportunity for Military Children was developed jointly by The Council of State Governments' National Center for Interstate Compacts and the U.S. Department of Defense, with input from policy experts, national associations, teachers, school administrators, military families, and federal, state, and local officials. The Compact eases interstate education transition challenges encountered by the children of active duty service members such as enrollment, eligibility, placement and graduation. On average, military students will attend six to nine different school systems from kindergarten to 12<sup>th</sup> grade.

Initial discussions about the Compact began in 2006, and drafting began early in 2007. First available for legislative consideration in 2008, the Compact was adopted by all 50 states and the District of Columbia in just 6 legislative sessions.

## HISTORY

Wisconsin adopted the Compact in May 2010. The model language of the Interstate Compact was adopted with modifications for statutory format. Portions governing the appointment of the State Commissioner and State Council were added elsewhere in statute separate from the Interstate Compact language. The dues are paid by the Wisconsin Department of Public Instruction.
