Chad – Getting the MIC3 message out there.

- Proposed presentations/conferences (EX: WDE Supt Conference, LCSD1 Admin meeting)
- Concern with connecting to Military members across the state ( How do we connect with them?)
- Lt. Cmdr. Sheppard - can keep track of those key people through the Estimated PRD rotation date –master spreadsheet. Could be able to create a seamless process when new people come in. This could be accomplished the previous quarterly meeting.
- Col. Wheeler - Joint force headquarters in Cheyenne should know who the key players are in the armories across the state and could provide contact information for those individuals
- Chad – This may also be something that Erica Legerski could help keep track of

Chad – Concerning Social Media is there a process or do we run it through WDE. Is there a way we (MIC3) can get on social media to get our message out.

- Thom- This is something I can talk to Shelley Hamel about
- Nancy – Maybe we can share our information with the WDE instead of having our own Social Media Account
- Col Wheeler – Could leverage other social media (FE Warren) – having our own would require a lot of man power to manage
- Chad – See if WDE and FE Warren could push out our information
- Nancy – Already Shares on all of these sites already information that relates to school liaison information and registration (Ex: EFMP, Public Affairs, Youth Programs, Spouses page. FE Warren etc)
