Summary of FY 2020-2021 North Carolina State Council Accomplishments

1. Circulated, publicized, and provided briefings on N.C. State Board of Education legal opinion which allows advance enrolled military-connected children to participate in North Carolina public school virtual instruction prior to physical relocation to North Carolina.
2. Supported largest ever North Carolina participation in Purple Star Award program with 288 schools receiving Purple Star recognition. In addition, there were eight Purple Star Districts in which all constituent schools qualified, including DODEA Camp Lejeune Schools, Cumberland County Schools (serving Fort Bragg and Pope Army Airfield) and Wayne County Public Schools (serving Seymour Johnson Air Force Base).
3. Supported passage of and provided briefings upon North Carolina House Bill 53, landmark state legislation which clarifies and streamlines enrollment

opportunities for military-connected students in North Carolina public schools and provides continuing access to affordable state tuition in North Carolina public universities for military-connected students even if their parents subsequently are PCS-ed out-of-state.

4. Approved and submitted to the North Carolina School Boards Association (NCSBA) model dispute resolution language for incorporation in the statewide school board policy for military-connected students. NCSBA has thus far reacted favorably to the proposed language and it may be included in the statewide school board policy update in the fall.

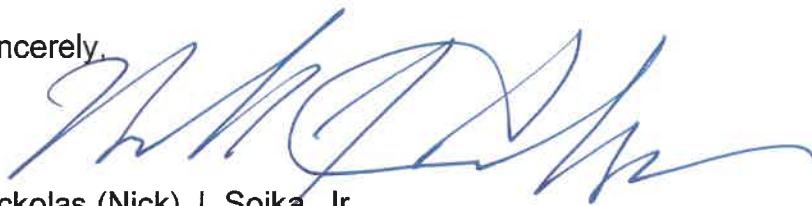

Summary of FY 2020-2021 North Carolina State Council Activities:

1. North Carolina State Council Meetings were held on September 15, 2020 and April 26, 2021.
2. North Carolina State Council members attended the North Carolina Department of Military & Veterans Affairs Quality of Life Meeting on January 26, 2021.
3. The North Carolina Compact Commissioner attended the MIC3 Annual Business Meeting October 1-2, 2020 and served on the MIC3 Compliance Committee.
4. Members of the State Council supported and participated in Month of the Military Child activities around the state.

Conclusion:

Thank you for your consideration. Our State Council sincerely appreciates the opportunity to serve the military-connected students of our state.

Sincerely,

Nickolas (Nick) J. Sojka, Jr.
North Carolina Compact Commissioner
