### MIC3 CELEBRATES MILITARY CHILDREN IN APRIL

LEXINGTON, KY - The Military Interstate Children's Compact Commission (MIC3) will **"Purple Up! For Military Kids"** on April 23, 2025. The Department of Defense reported over 1.6 million military children, youth, and teens are serving alongside their service member parents.

Former U.S. Secretary of Defense Caspar Weinberger first designated April as the "Month of the Military Child," acknowledging the significant role military-connected students have in our communities. In 2011, the University of New Hampshire Cooperative Extension Military Youth and Family Program started the **"Purple Up! for Military Kids"** as a way for communities to support military children for their strength and sacrifice.

On a designated day during the Month of the Military Child, communities throughout each state join and wear purple to honor military children. Purple is a combination of Army green, Marine Corps red, Coast Guard, Air Force, Space Force, and Navy blue; it is the appropriate color to represent military children from all branches.

"During the month of April, we honor and recognize them for their resilience." said Ernise Singleton MIC3 Chairman and Louisiana Commissioner, "and through the Compact, we help ease their education transitions as they move between states and worldwide." She added, "This month is our opportunity to celebrate their strength, courage, and resiliency."

The *Interstate Compact on Educational Opportunity for Military Children* eases educational transitions of military children as they transfer between states in the areas of enrollment; placement and attendance; eligibility; and graduation. The Compact was developed by The Council of State Governments National Center for Interstate Compacts, the U.S. Department of Defense, national associations, federal and state officials, state departments of education, school administrators, and military families.
