General Counsel Memo ALEC Transitions Act

TO: Commissioners, Designees, and Ex-officio Representatives

FROM: MIC3 Executive Committee

Date: February 20, 2026

RE: Notice of Proposed Legislation – Uniformed Services Child School Transition Act

On December 4, 2025, the American Legislative Exchange Council (ALEC) published proposed legislation titled the *Uniformed Services Child School Transition Act*. Because several provisions of the proposed Act intersect with topics governed by the Interstate Compact on Educational Opportunity for Military Children, we want to ensure that all members are informed and have resources readily available should similar legislation be proposed in your state.

Linked below is the memorandum prepared by MIC3 General Counsel Samantha Nance. This memo provides a detailed review and analysis of the proposed legislation and outlines steps that member states can take to maintain Compact integrity should similar legislation be introduced in their respective states.

We encourage you to review the memo carefully, so you are prepared to respond to related inquiries or potential legislation in your state.

Should you have questions, concerns, or need additional guidance, please do not hesitate to contact the MIC3 National Office.

Thank you for your continued leadership and service to the children of uniform service members.

Respectfully,
Daron Korte
Chair and Minnesota Commissioner
