## *Did you know?*

Has your child participated in or been assessed to be admitted into the gifted and talented program in their sending school and then not initially been placed into the gifted and talented program in their receiving school?

### ***Compact Rule, SEC. 5.102 Educational Program Placement***

(a) The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state. Such programs include but are not limited to: 1) gifted and talented programs; and 2) English as a second language (ESL). The receiving school may perform subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course(s).
